

<b>Processor</b>	<b>Intel Xeon 3.0 GHz</b>
<b>Memory</b>	<b>4 GB ECC Ram</b>
<b>Disk Drive</b>	<b>160 GB x 2 S.A.T.A</b>
<b>Small form factor (6" x 13")</b>	<b>Enables two independent boards in a 1U chassis or adds flexibility to create compact single board system designs.</b>
<b>Supports the leading processors including Intel's new Dual-Core Intel® Xeon® processor 3200 Series, based on Intel® Core™ micro architecture.</b>	<b>Delivers world-class performance and superior power efficiency.</b>
<b>Supports IPMI 2.0</b>	<b>Provides advanced management capabilities.</b>
<b>Four SATA 3.0 Gbps ports</b>	<b>Fast access to internal storage devices.</b>
<b>Dual Gigabit Ethernet</b>	<b>Improves data throughput for I/O-intensive applications.</b>
<b>Processor support</b>	<b>Intel® Core™2 Duo processor</b> <b>Intel® Core™2 Quad processor</b> <b>Intel® Core™2 Extreme dual-core processor</b> <b>Intel® Core™2 Extreme quad-core processor</b> <b>Quad-Core Intel® Xeon® processor 3200 series</b> <b>Dual-Core Intel® Xeon® processor 3000 series</b>
<b>System bus speed</b>	<b>1333/1066/800 MHz (processor-dependent)</b>
<b>Chipset</b>	<b>Intel® X38 Express Chipset</b>
<b>I/O expansion</b>	<b>One PCI Express* 2.0 x16 connector / x16 lane</b>
<b>Memory capacity</b>	<b>Four DIMM slots supporting up to 8 GB max DDR2 667/800 MHz un-buffered ECC memory (larger memory footprint may be supported in the future when larger DIMMs are available)</b>
<b>Integrated video</b>	<b>32 MB onboard shared memory</b>
<b>Storage</b>	<b>Four SATA 3.0 Gbps ports</b>
<b>LAN</b>	<b>Dual GbE</b>
<b>Intel® RAID support</b>	<b>Intel® Embedded Server RAID Technology supports RAID levels 0, 1, 10</b>
<b>Server management support</b>	<b>IPMI 2.0 through integrated BMC</b>
<b>Keyboard</b>	<b>Normal Keyboard</b>
<b>Mouse</b>	<b>Optical Mouse</b>
<b>Optical Drive</b>	<b>External Optical DVD Writer</b>
